

# Come Back to Me - HollySiz

When I don't wanna forget  
Where I come from  
I think of your moose, your class  
And I'm back home  
I've got your rythm in my blood,  
    your crazy touch in my soul  
My memory's out of control

		[Intro]
I can't get <u>you</u> out	[Link]	Em G
of my <u>mind</u>	C C A A	A Em

[Chorus - Intro]

(Come back to, come back to dance  
    With me x2)

Your feet on the dancefloor had  
Nothing to prove  
You have your own bebop style  
And your groove  
Because I grew up on your knees,  
    when start the music, it's a glee  
Nobody ever stops me
