

# Come Back to Me - HollySiz

When I don't wanna forget  
Where I come from  
I think of your moose, your class  
And I'm back home  
I've got your rythm in my blood,  
your crazy touch in my soul  
My memory's out of control

I can't get you out [Link] [Intro] Fm G#  
of my mind C# C# Bb Bb Bb Fm

[Chorus - Intro]  
(Come back to , come back to dance  
With me x2)

Your feet on the dancefloor had  
Nothing to prove  
You have your own bebop style  
And your groove  
Because I grew up on your knees,  
when start the music, it's a glee  
Nobody ever stops me
