

Oh, I hoped that you were somebody [Intro]
Someone I could count (x2)
To pull me to my feet again G#m G#m F# E
When I was in doubt
(Oh, now Mama, do you hear me [Pre-Chorus]
Calling out your name x2) (x2)
(... - Calling out your name x1) G#m B F# E

And I'm the last cowboy - In this town
Empty veins - And my plastic broken crown
They said I swam the sea - Then ran aground
They said I once was lost
But now I'm truly found
And I know the place but not the wave
I feel, I feel no shame

Oh, now mama, do you hear my [Pre-Chorus]
fear - It's coming after me (x3) (x2)

[Chorus] G#m B F# E (x2) - Staaay - With me
[Instru] E F# C#m D#m (x2)

[Bridge - Instru]

Then you threw your heart away
Oh, I know just what to say
Through the phone cord, it can wait
We've still got time to say
And I know you ran away

Late Night Foals

Oh, I know but I'm feeling okay
But now I found love and the feeling won't go
Now I found love but the feeling won't go

See you walk away,
feeling okay

[Chorus] (x4)

Now, happy now

[Intro] (x9) - G#m
