

Oh, I hoped that you were somebody [Intro]  
Someone I could count (x2)  
To pull me to my feet again Cm Cm Bb G#  
When I was in doubt  
(Oh, now Mama, do you hear me [Pre-Chorus]  
Calling out your name x2) (x2)  
(... - Calling out your name x1) Cm D# Bb G#

And I'm the last cowboy - In this town  
Empty veins - And my plastic broken crown  
They said I swam the sea - Then ran aground  
They said I once was lost  
But now I'm truly found  
And I know the place but not the wave  
I feel, I feel no shame

Oh, now mama, do you hear my [Pre-Chorus]  
fear - It's coming after me (x3) (x2)

[Chorus] Cm D# Bb G# (x2) - Staaay - With me  
[Instru] G# Bb Fm Gm (x2)

[Bridge - Instru]

Then you threw your heart away  
Oh, I know just what to say  
Through the phone cord, it can wait  
We've still got time to say

Late Night Foals
------------------------

And I know you ran away  
Oh, I know but I'm feeling okay  
But now I found love and the feeling won't go  
Now I found love but the feeling won't go

See you walk away,  
feeling okay

[Chorus] (x4)

Now, happy now

[Intro] (x9) - Cm
