

[Intro] G# G# D# D# - Fm Fm C# C#

Well, I don't have as many friends because

I'm not as pretty as I was

I've kicked myself at times

Because I've lied

So I will have to learn to stand my ground

I'll tell 'em I won't be around

I'll move on over to your town and hide

The Captain
Kasey Chambers

[Chorus] (G# G# D# D# - Fm Fm C# C# x2)

((G# G# D# D# - C# C# x1) C# C# x1)

And you be the captain - And I'll be no one

And you can carry me away - If you want to

And you can lay low - Just like your father

And if I tread upon your feet

You just say so

(('Cause you're the captain, () I am no one

(I tend to feel as though I owe one to you)

(...) x1) - To you x1)

[Intro]

Well, I have handed all my efforts in

Searched here for my second wind

Is there somewhere here to let me in - I asked

So I slammed the doors they slammed at me

I found the place I'm meant to be

I figured out my destiny at last

[Chorus]
