

Disconnect - Becky Hill

I ain't gonna lie to you [Verse]
Life's been fuckin' life-in' C C# D# C#
And I need a night or two
To get me unwindin'

[Pre-Hook]
(I feel like I'm) stuck in cycles every day
(Come and get me out this loop)
So just switch it up for me
It's time to get loose

(If we disconnect [Hook]
We ain't gotta be aligned
We can redirect
Everything that's on our minds, let it go
Change up your frequency and
You'll see how easily you'll)

Disconnect - From everything [Hook]
that's on your mind (... - ... x3)
[Instru]

Where's my fuckin' lighter crew
Put 'em up high then
Now's the time to raise the roof
We don't need the fightin'

[Pre-Hook] (When we're gettin')
(We know how to make it through) [Hook]

(Oh oh oh, [Hook
(.../just) let it go x8) Last 4 lines]
