

[Verse] [Intro] (x2) C# C#7 B Bb
I never thought D#m D#m7 G#7 G#7
that I could be so bold - ...
To even say these thoughts aloud - ...
(I see you with your man, Eels
your eyes just shine - ...
While he stands tall and walking proud)

That look you give that guy [Chorus]
I wanna see - Looking right at me - ...
If I could be that guy - Instead of me
(I'd never let you down x1)
It always seems like || That Look You
you're going somewhere - ... Give That Guy
Better than you've been before - ...
While I go to sleep and I dream all night
... - Of you knocking on my door

[Chorus]
[Intro] (x2) (I'd be all I can be x2)

I'm nothing like what I'd like to be - ...
I'm nothing much, I know it's true - ...
I lack the style and the pedigree - ...
And my chances are so few

[Chorus] (I'd give you all I got) [Verse]
(But it, let's say, it won't work out - ...
You know where I can be found)
[Chorus] (x2) [Intro] (x4)
