Send His Love to Me - PJ Harvey

Lover had to leave me
Cross the desert plain
Turned to me, his lady
Tell me, lover, when

(Calling Jesus), please - …
Send (his love) to me

Ohh, wind and rain, they haunt me
Look to the north and pray
Send me, please, his kisses
Send them home today

Left alone in desert
This house becomes a hell
This love becomes a tether
This room becomes a cell

[Instru - Verse~Chorus]

How long must I suffer
Dear God, I've served my time
This love becomes my torture
This love, my only crime
Oh, lover, please release me
My arms too weak to grip
My eyes too dry for weeping
My lips too dry to kiss
