And when I feel - Life's heavy, labor's calling
I make myself - Light as light [Intro]
I think of things as they come to me Gm C Gm C
Without warning
[Bridge] Bb Bb C C
A train of thoughts passing through - On the tracks

Sunshine, we be cruising [Chorus] Gm C Bb Dm
It's in our music, that's where the truth is
Cos we have done that, cos we haven't been there
I wanna go there cos we will run that
I wanna go for real, () [Fill] Gm

See the sun shine in winter time,
see snow falling in summer time
It's all crazy like our minds,
all this anger makes us blind
For all these poisons that are mine,
I know I can not rewind
As I struggle to be more kind

Sunshine
Patrice

As the train lies and I mess around [Bridge]
I'm so young but not without a sound
Been seen double, keeping me down
I fiddle with a thought but not without a sound

(I wanna feel it [Chorus #2]
I wanna be there, I want you feel it
The way that I feel it, don't you conceal it
Come on reveal it, you better kiss me [Solo
(You better (love yourself x1) - … x1)) Chorus]

My body and your body [Bridge]
Can fuse into one shadow on the wall
Your body and my body - Produce somebody, a soundbody
Just look what we conjured out of nowhere
Like the notes that thrill the air

[Chorus #2] (x6~4) (x2) For real (x6) [Solo] (x4)
