

Come Back to Me - HollySiz

When I don't wanna forget
Where I come from
I think of your moose, your class
And I'm back home
I've got your rythm in my blood,
 your crazy touch in my soul
My memory's out of control

I can't get you out [Link] [Intro] Gm Bb
 of my mind D# D# C C C Gm

[Chorus - Intro]
(Come back to, come back to dance
 With me x2)

Your feet on the dancefloor had
Nothing to prove
You have your own bebop style
And your groove
Because I grew up on your knees,
 when start the music, it's a glee
Nobody ever stops me
