

On the first part of the journey  
I was looking at all the life  
There were plants and birds and rocks and things  
There was sand and hills and rings  
The first thing I met was a fly with a buzz  
And the sky with no clouds  
The heat was hot and the ground was dry [Intro]  
But the air was full of sound Em D

I've been through the desert [Chorus]  
on a horse with no name  
It felt good to be out of the rain  
In the desert, you can remember your name  
Cos there ain't no one for to give you no pain  
((.../La) la la lalalala la - Lalala lala x2)

After two days in the desert sun A Horse  
My skin began to turn red || With No Name  
After three days in the desert fun America  
I was looking at a river bed  
And the story it told of a river that flowed  
Made me sad to think

it was dead You see [Chorus] [Intro]  
(x4)

After nine days, I let the horse run free  
Cos the desert had turned to sea  
There were plants and birds and rocks and things  
There was sand and hills and rings  
The ocean is a desert with its life underground  
And a perfect disguise above  
Under the cities lies a heart made of ground  
But the humans  
will give no love You see [Chorus] (x8)
