

[Verse] (A#m C# D#m D#m x2) - F# C# D#m D#m  
(A#m C# D#m D#m x2)

My world, my God, if you're going make it  
Then it's time that I speak my mind  
You can't take that away - Away [Intro]  
So are you gonna use me now (x2)  
Well, you're a motherfucker A#m C#  
Take this, take that, I can take it D#m D#m  
But I might just lose my mind  
Or my shirt anyway

[Hook] F# Fm D#m D#m  
And if it all came crashing down - ...  
Just know that it (won't bring me down) - Well

Put me on the front lines [Chorus] A#m C#  
As you're sitting on the sidelines D#m D#m  
Don't think you can play with my mind  
'Cause that's all mine  
While you're slippin' sideways  
I've been making my way  
Don't think I'll waste no more time  
'Cause that's all mine
