Sail on you feared pirates - I say, you wanna say
We're taking our shelter - Beneath the young tree
Fly on you fallen angels - I feel the morning tide
Taking our shelter - Underneath the young tree

Now maybe, them ships have gone
Mental scars do remain
To divide and confuse Jah people
Fighting against this reality
With their ego power games
We knew not how to play
They're running away with our culture, but I
Know we will survive
Left in I man yard - To rebuild up head waters
Left in I yard - To protecting Back O'Wall
