(x2)

When you are ready, I will surrender

Take me and do as you will

Have what you want to,

Sing It Back

way's always the best way - ...

I have succumbed to this passive sensation

Peacefully falling away

I am the zombie, your wish will command me

Laugh as I fall to my knees

[Chorus]

Can I control this empty delusion

Lost in the fire below

And you come running, your eyes will be open

... - And when you come back,

I'll be as you want me

My little song will keep you beside me

Thinking your name as I sing
