[Chorus] (x2) G D Em Em [Break] X X

96 degrees - In the shade

Real hot - In the shade [Verse]

Em Em D D

Said it was 96 degrees - In the shade

Ten thousand soldiers - On parade

Taking I and I - To meet a big fat boy

Sent from overseas - The queen employ

Excellency, before you I come

With my representation

You know where I'm coming from - ...

You caught me on the loose,

fighting to be free

Now you show me a noose

on the cotton tree [Chorus] (x2)

Entertainment for you [Solo - Verse]

Martyrdom for me (x4)

Some may suffer - And some may burn

But I know that one day

My people will learn

As sure as the sun shines

Way up in the sky

Today I stand here a victim [Chorus]

The truth is I'll never die (x4)
